

U.S. Competitive Landscape

Confirmed U.S. operators and internationally based providers with documented U.S. availability or regulatory footing.

THE SIMPLE RULE

Website access is not authorization

A U.S.-accessible website or app does not establish nationwide licensing, escrow authority or broad customer eligibility.

CONFIRMED U.S. PRESENCE

Escrow.com

PRIMARY FOCUS

Traditional online escrow

TARGET MARKET

Domains, vehicles, business assets and other formal transactions

STRENGTHS

Long operating history, strong brand recognition and an extensive licensing footprint.

WEAKNESS / OPPORTUNITY

A formal, web-led process that is less intuitive than a consumer payment application.

U.S. FOOTPRINT / REGULATORY BASIS

U.S.-based provider. Internet Escrow Services, Inc. maintains escrow or money-transmitter licences across most states; official materials also identify states where a licence is not required.

CONFIRMED · BROAD

Trustap

PRIMARY FOCUS

Marketplace payment infrastructure and protected transactions

TARGET MARKET

P2P marketplaces, ecommerce, ticketing and specialist verticals

STRENGTHS

Mature API, shipping integrations and established marketplace relationships.

WEAKNESS / OPPORTUNITY

Increasingly oriented toward B2B infrastructure rather than a stand-alone consumer escrow brand.

U.S. FOOTPRINT / REGULATORY BASIS

Ireland-incorporated company. Official country documentation lists the United States as a supported seller and registration country and supports U.S.-dollar transactions.

CONFIRMED · SUPPORTED

TRUST Escrow

NEW / EMERGING

PRIMARY FOCUS

Licensed digital escrow for goods and services

TARGET MARKET

U.S. consumers and businesses transacting in goods or services

STRENGTHS

California escrow licence, mobile application and segregated trust-account model.

WEAKNESS / OPPORTUNITY

A new entrant with limited visible adoption and a shorter operating history.

U.S. FOOTPRINT / REGULATORY BASIS

California-headquartered, licensed and bonded under CA DFPI Licence No. 96DBO-188147. Its terms state that the platform is provided for users residing in the United States or its territories.

CONFIRMED · U.S.

Tazapay

PRIMARY FOCUS

Cross-border payments, collections and escrow-style workflows

TARGET MARKET

International B2B ecommerce, SaaS providers and platforms

STRENGTHS

Global payment rails, API infrastructure and multiple regulatory registrations.

WEAKNESS / OPPORTUNITY

Enterprise and cross-border orientation rather than straightforward consumer P2P escrow.

U.S. FOOTPRINT / REGULATORY BASIS

Tazapay US Corp. is FinCEN-registered and lists money-transmitter licences in Arizona, Arkansas, Illinois, Iowa, Michigan, Missouri and South Carolina; coverage is not nationwide.

RELEASE: 2020

CONFIRMED · LIMITED

U.S. STATUS

Availability or regulatory evidence found in official materials.

RELEASE DATE

Founding, entity formation or first public app availability.

EVIDENCE BASIS

Official licensing, legal terms, country support and app-store materials.

LEGAL NOTE

Strategic market research, not legal or regulatory advice.

Regional and Unverified Platforms

International benchmarks, early-stage entrants and platforms whose U.S. operating status could not be established from reliable official sources.

The name conflict is commercially relevant

The myeskrow.com platform may create naming, search and trademark risk even if its U.S. regulatory status remains unverified.

REGIONAL, NON-U.S. AND UNVERIFIED PLATFORMS

MyEscrow myeskrow.com

PRIMARY FOCUS

Consumer digital escrow

STRENGTHS

Direct category positioning and a name closely aligned with the proposed MyEscrow brand.

TARGET MARKET

Online buyers and sellers

WEAKNESS / OPPORTUNITY

Creates naming, search-engine discoverability and potential trademark risk.

U.S. FOOTPRINT / REGULATORY BASIS

No reliable official information was located confirming a U.S. legal entity, U.S. customer eligibility, state escrow licences or money-transmission authority. Website presence alone does not establish regulated U.S. operations.

RELEASE: 2026

UNVERIFIED

Truzo

PRIMARY FOCUS

Digital escrow, wallets and protected payments

STRENGTHS

Regulated South African operation and a U.K. payment-services relationship.

TARGET MARKET

South African and U.K.-linked businesses and consumers

WEAKNESS / OPPORTUNITY

Regional regulatory footprint limits direct relevance to a U.S. launch.

U.S. FOOTPRINT / REGULATORY BASIS

Official materials identify operations and regulated entities in South Africa and the United Kingdom. No official U.S. operating entity, customer programme or U.S. licensing footprint was identified.

RELEASE: 2016

U.S. NOT CONFIRMED

ShieldEscrow

PRIMARY FOCUS

Previously identified as consumer escrow

STRENGTHS

Consumer-protection positioning, if the platform is active as previously described.

TARGET MARKET

Previously described as online buyers and sellers

WEAKNESS / OPPORTUNITY

Insufficient public evidence to assess product maturity, adoption or regulatory standing.

U.S. FOOTPRINT / REGULATORY BASIS

No reliable official platform, operating entity or U.S. licensing information was located under this name. It should remain outside the confirmed U.S. competitor set unless independently validated.

RELEASE: NOT VERIFIED

UNVERIFIED

Getscrow

PRIMARY FOCUS

Mobile-first consumer escrow

STRENGTHS

A simple consumer proposition and mobile availability.

TARGET MARKET

Social-media, offline and everyday transactions

WEAKNESS / OPPORTUNITY

Limited public traction and a primarily Nigerian market position.

U.S. FOOTPRINT / REGULATORY BASIS

The official website describes Getscrow as a Nigerian escrow platform. U.S. App Store availability does not demonstrate a U.S. operating entity, state licensing or regulated financial activity in the United States.

RELEASE: 2024

NO U.S. OPERATION
VERIFIED

MARKET IMPLICATION

The confirmed U.S. set remains small and differentiated: no competitor combines broad U.S. coverage, simple consumer onboarding and a clearly mobile-first everyday escrow proposition.

BRANDING IMPLICATION

Before investing in the MyEscrow name, complete formal trademark clearance and assess the discoverability impact of the similarly named myeskrow.com platform.
